

MOMENTUM II ACCUCHECK COURSE Online Training Course

Course ID: SP122E

ITW EAE Learning

Our eLearning courses are specifically designed to provide engaging and interactive learning opportunities for operators, technicians, engineers and/or managers to be introduced to or build upon the knowledge and skills needed to successfully operate, maintain, program, or troubleshoot their MPM Momentum equipment. Online courses are designed to cover beginning and intermediate competencies and should be mastered before considering more advanced, in person training. Courses require a reliable internet connection and can be viewed at your own pace on your phone, tablet, or pc laptop.

Course Overview:

In this module, an overview will be provided of the AccuCheck test for accuracy and precision of the Momentum II stencil printer. This course also provides in-depth information for how to run AccuCheck and includes a downloadable copy of the AccuCheck process document.

Who Should Take this Course: Anyone who plans to run the AccuCheck test or wants to learn more about how to verify the accuracy and precision of their Momentum II stencil printer.

Prerequisites:

- MOMII Safety Information & Guidelines (SP120E).
- Printing Basics (SP101E) OR a basic understanding of stencil printing.
- Machine Overview (SP105E) OR an understanding of the Momentum II stencil printer.
- Basic Operations (SP113E, SP114E, SP115E) OR an understanding of how to operate a Momentum II stencil printer.
- Basic Programming (SP121E) OR able to program a basic process program.

Time Requirements: 30-45 minutes **Assessments:** Quiz **Languages:** English

Learning Objectives:

- Describe what AccuCheck is and why it is used.
- Define Cp and Cpk.
- Identify the materials required to run AccuCheck.
- Enable Print Registration.
- Create the process program.
- Teach alignment & verification fiducials.
- Complete tasks before running the test: knead the paste, dial in the machine.
- Run the verification test.
- Interpret the results.
