

MOMENTUM II PRODUCTION RECOVERY COURSE Online Training Course

Course ID: SP119E

ITW EAE Learning

Our eLearning courses are specifically designed to provide engaging and interactive learning opportunities for operators, technicians, engineers and/or managers to be introduced to or build upon the knowledge and skills needed to successfully operate, maintain, program, or troubleshoot their MPM Momentum equipment. Online courses are designed to cover beginning and intermediate competencies and should be mastered before considering more advanced, in person training. Courses require a reliable internet connection and can be viewed at your own pace on your phone, tablet, or pc laptop.

Course Overview:

In this module, you will learn how to address typical issues that may surface during production including how to recover from an alignment or conveyor failure and how to apply a manual wipe on the stencil.

Who Should Take this Course: Anyone who is interested in or intends to use a Momentum II stencil printer.

Prerequisites:

- MOMII Safety Information & Guidelines (SP120E).
- Printing Basics (SP101E) OR a basic understanding of stencil printing.
- Machine Overview (SP105E) OR an understanding of the Momentum II stencil printer.
- Basic Operations (SP113E, SP114E, SP115E) OR an understanding of how to operate a Momentum II stencil printer.

Time Requirements: 30-45 minutes **Assessments:** Quiz **Languages:** English

Learning Objectives:

- Identify the correct procedure to recover from a Fiducial Alignment Failure in an example simulation.
- Recognize the process to recover from a Conveyor Failure in an example simulation.
- Anticipate the correct steps to apply a Manual Wipe in an example simulation.
